This is Us
Louisa & Josua Bubeneder
the RealEmotionCatchers

We're a husband and wife photographer duo, deeply in love with each other – and with what we do.

For us, photography is more than just taking pictures. It's about capturing real emotions, authentic moments, and turning them into lasting memories frozen in time.

Whether it's a wedding, an engagement, or any other meaningful occasion, our goal is to make you feel completely at ease – so you can simply be yourselves while we document the moments that matter most.

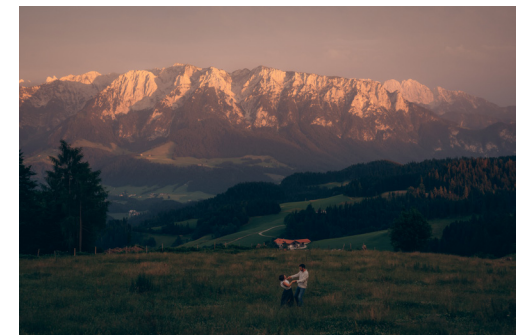

With Louisa's background as a Digital Media Designer, we also bring creative ideas to life beyond photography.

We'd love to hear from you and can't wait to be part of your story.

ADVENTURE & ADVENTURE DELUXE

The After Wedding Packages

Because your story doesn't end on the wedding day – it just begins.

Weddings are beautiful, but they're also full of schedules, emotions, and little time for relaxed couple photos. An After Wedding Shooting gives you the chance to enjoy a quiet moment together—without any stress, guests, or time pressure.

You can choose the perfect location, time of day, and mood. Want sunset by the sea? A mountain top at sunrise? No problem. You get to wear your wedding outfits again and create magical, creative shots—without worrying about keeping the dress clean.

It's also the perfect solution if the weather wasn't ideal or things felt rushed on your wedding day. This shoot is your second chance to capture those dream photos, in your own style, at your own pace.

An After Wedding Shooting isn't just about the photos—it's about celebrating your love again, just the two of you.

We'll take care of all the planning—so you can fully focus on each other and the experience. Whether you want wild, romantic, adventurous, or minimal: this is your space to be real, connected, and completely yourselves.

Perfect for couples who want:

- To hike to an epic mountain view at sunrise
- Sunset cliffs or wild beaches with dramatic skies
- A moody cabin in the forest with morning coffee shots
- A city rooftop session followed by cozy indoor portraits
- Something cinematic, intimate, and true to who you are
